TERSE TALES OF THE TOWN

Removal.

Mr. Wicks, the architect, will move from his office in Commercial street to new quarters on the second floor of the Savings Bank building, and will be found there on Monday.

To Load Tellus—

Captain Johnson, the local representative of the firm of Brown & McCabe, stevedores, will send over about a dozen men to Knappton on Monday to load the German bark Tellus.

No Comic Section Today—

Owing to the slowness of freight shipments over the O. R. & N., the Astorian's comic section failed to arrive this week and this popular feature of this paper will not be served our patrons until next Sunday. The management is sorry this break has occurred but it seems there is no help for it.

New Time Card Today—

The new time card goes into effect on the A. & C. R. R. today on the schedule as previously published. One of the features that will probably confuse the average Astorian for some time is the time of leaving Portland, in the leaving, which is 6:55 instead of 7:00 and before they get used to it will result in many missing their trains.

Big Seaside Excursion Today—

This is the last day of the \$1.50 excursion rate from Portland to Seaside and a big crowd is expected down. The train will come down in two sections as tickets were sold yesterday that taxed the equipment of the company. A large crowd of Astorians will also go down taking advantage of the new low round-trip rate of 75 cents.

An Injunction—

Deputy Sheriff McLane went up the river in the Telegraph yesterday afternoon. His destination is the island called Tenasillie where he has papers to serve in an injunction suit against the Seaborg Packing Company. T. K. Johnston has asked for an injunction to restrain the packing company from building or in any way interfering with his holdings on the island.

Drug Store For Warrenton—

Dr. C. E. Linton will tomorrow move to Warrenton where he has leased a building and will put in a first-class drug store, stock for which was ordered yesterday. Work will commence today to get the building in shape and expects to be able to open up the latter part of the week. Warrenton is growing rapidly to the front and the doctor is bound to prosper in his new location.

Re-Assigned—

Lieutenant Cooper, who, according to his rating by examination, was originally assigned to the Field Artillery, has been re-assigned to the Coast Artillery with whom he has been right along.

Fines and Forfeitures—

In the month of May, 115 complaints were acted upon in police court and the fines and forfeitures totaled \$1855 for the month. This is but a few dollars less than the collections for the preceding month.

Certificate of Completion—

In the city auditor's, yesterday, was filed the certificate of completion for the improvement of Forty-second street between the alleyway and Bond street. The contract price was \$567 and L. A. Carter was the contractor who did the work.

Packers Meet—

At a meeting of the Columbia River Packers' Association yesterday afternoon the following prices were adopted for salmon:

Flats.....	\$1.75	Tails.....	\$1.65
Normals.....	\$2.50	Ovals.....	\$2.30
Half Ovals.....	\$1.50		

Brainards Today—

The Bohemians who so handily defeated the Brewers on Decoration Day in a 10-inning contest, will endeavor to put away the Brainards this afternoon in a like fashion. The game gives promise of being a close one as both teams will do their best from the fact that if the Brainards win they will move up out of last place and Astoria will drop into it. The fight for the cellar championship will be one worthy of seeing. An imported umpire for the occasion will come down from Portland and is rated as an A-1 man so it can be taken that there will be none of the ludicrous horse play as in the game Thursday. Manager Brown has announced that the pump up on the hill is again in working order and he has promised that the diamond will be sprinkled for the game today, so that the players will not have to use guide lines in order to make their way through the dust in trying to find the ball.

CHAMBER COMMERCE MEETING

AT REGULAR MEETING TOMORROW NIGHT IMPORTANT BUSINESS WILL TRANSPIRE—ASTORIA AT ROSE CARNIVAL.

At the regular meeting of the Chamber of Commerce to be held Monday night there will be up for consideration the matter of sending delegates to the Oregon Development League Convention to be held in Portland from the 20th to the 22nd.

The question of whether or not Astoria will contest in the Rose and Flower Show at Portland to take place on the same date, for the prizes which are offered, amounting to \$5000, will also be given consideration.

The question of whether or not a ship or ships will be chartered to send wheat direct to export markets, will it be understood, receive some consideration, now that some of the leading shipping companies of Europe have agreed to give Astoria the same rate as those granted to Puget Sound Points, or 30 cents a ton less than the rates that have so far been granted to Portland up the two rivers.

It is also probable that an important visitor will be on hand and it may be that he can be induced to discuss the seawall proposition.

To Seaside—

Charles S. Fee, the general manager of the Harriman line, and A. D. Charlton, assistant passenger agent for the Northern Pacific, went through to Seaside yesterday at noon on Mr. Fee's private car Sunset. They were accompanied by Passenger Agent Jenkins of the A. & C. R. R.

Police Court—

But two drunks faced Judge Anderson in police court yesterday and tendered the usual excuse of having come to Astoria on business and dallied with the flowing bowl a trifle too long and thereby contracted unexpected business with the police department. They each received the usual penalty of \$5 or two days.

Detained—

Peter Olson, against whom the chief of police filed a complaint alleging insanity, was examined yesterday morning in the county jail. Dr. Alfred Kinney was the examining physician and he came to no decision as to the man's mental condition, but ordered him detained for a few days for further observation.

Picnic to Knappton—

Yesterday Mrs. Ferguson's Sunday school class had an enjoyable picnic over at Knappton. The party took the steamer Volga up to the forks at Deep River at the head of navigation and then returned to Knappton. After a delightful al fresco luncheon the quarantine station was visited and thoroughly investigated, then an adjournment was made to the woods where everybody gathered ferns. The return trip was made about 7 o'clock in rough weather and the whole party was tired out after a long and pleasant day. In all there were over 20 present, including Mr. and Mrs. Rev. C. C. Rarick, Mrs. White, Mrs. Fine, and Mr. Hawthorne, who is Mrs. Ferguson's brother.

High School Dance—

The juniors of the Astoria High School gave a social entertainment last night which included a series of vocal and instrumental music and recitations followed by dancing. The evening proved most successful both socially and financially. On some previous occasions a rather rough element managed to mar the evening, but last night's entertainment was entirely free from anything disagreeable. Miss Gertrude Kearney very kindly supplied the music for the devotees of terpsichore and in the interludes most excellent punch was served. The proceeds of the evening are to be devoted to the function to which the juniors invite the seniors on class day. The program is appended: Instrumental trio, Maude Ross, Mildred Smith and Wilma Young; violin solo, Mrs. John Allen; vocal solo, Mrs. Finch; instrumental solo, Miss Anna Campbell; recitation, Mrs. Gratke; vocal solo, Mr. William Grotke.

Breezy styles in negligee shirts at this store.

In the summer time, it is well for a man to be particular about the kind and quality of his shirt. When the thermometer crawls skyward, and the melting rays of the sun strike earthward, coats are unbuttoned or come off altogether, and then—what kind of a shirt have you to show above your belt?

If it is a shirt from this store, it won't be criticized. Our stock is selected with so much care that a design that is not in good taste never gets shelf room. Whatever the style or price, you are sure of the best in material, design and fit.

Shirts of madras, percale, linen. Figured or in plain white.

LOCAL OPTION CAUSE OF TROUBLE

SHERIFF GOES TO SEASIDE TO
SHERIFF POMEROY GOES TO
TROUBLE THAT MAY BE THE
OUTCOME OF AN INJUNCTION.

There were two meetings scheduled to take place at Seaside last night both of which were likely to prove abortive. One meeting was called by the Prohibitionists and the other by the anti-Prohibitionists. Both parties hired the K. of P. Hall and there was a dispute as to who had the right thereto. Hence Sheriff Pomeroy's journey to Seaside—and injunction proceedings in the county court. C. C. Clarke, of the Antis hired the hall on May 28th for the 1st of June, and paid therefor, to one Price, a trustee of the K. of P. and the man who let the hall, the sum of \$5. On May 31st Price re-let the hall to C. A. Honsell of the M. E. Church regardless of his previous contract, and at the same time returned his \$5 to Clarke in a registered letter, informing him that he could not have the hall. Why in a registered letter does not appear—Clarke only lives two doors from the hall. Perhaps at the suggestion of the minister! Yesterday Clarke obtained an injunction against Price which effectually bars him from letting the hall to the Prohibitionist minister. Price appears to have become nervous and wrote to the sheriff for protection, saying he feared bodily harm. So the sheriff has gone to Seaside—and nobody will use the hall.

The election which will decide the mooted question is on Monday.
